# Donation Registration Membership

# DoReMe

---

DoReMe is a Web-based software package designed to meet the online class registration, membership and donation needs of any non-profit organization.

Features of DoReMe include:

- **Online Class Registration** – accept registrations online; create course categories; add/edit course descriptions; add/edit student contact information; add/edit instructors with bio information and more; create rosters; manage course fees; develop waitlists
- **Online Memberships** – accept membership purchases and renewals online; add/edit contacts; add/edit membership benefits and levels; provide members-only discounts for classes
- **Online Donations**– accept donations to your organization in any amount; create donation categories; accept gift donations, memorial donations, etc.
- **E-mail Services** – automatically send confirmation e-mails, password reminders, registration status and more
- **Payment Administration** – view and search for payments; view detailed payment information; accept online credit card transactions
- **Contact Duplicate Removal** – consolidate duplicate contact information into one record without losing valuable data

With DoReMe, your constituents can register for classes, become a member or make a donation to your organization 24 hours a day, 7 days a week. And, as a Web-based application, DoReMe is easy for you to update and maintain. For more information about DoReMe or to schedule a free demo, visit [www.doreme.org](http://www.doreme.org) or call 412.268.3695.

DoReMe is a product of the Center for Arts Management and Technology, a part of the Institute for the Management of Creative Enterprises at Carnegie Mellon.
